English

PROFILE

Passionate Mern Stack Developer with 4 months of internship experience. Demonstrated expertise in developing and deploying robust, scalable web applications using MongoDB, Express.js, React.js, and Node.js. Proven ability to effectively teach and mentor students as an instructor, simplifying complex concepts and fostering a collaborative learning environment. Committed to continuous learning and staying updated with the latest industry trends and technologies.

WORK EXPERIENCE

Instructor

Learnify Academy

Dec 2023 - Present

- **Lesson Planning:** Created detailed lesson plans that included lectures, hands-on activities, and assessments to facilitate effective learning.
- **Project Guidance:** Assisted students in developing their projects, offering feedback, and helping them apply theoretical knowledge to real-world applications.
- **Staying Updated:** Continuously updated teaching methods and materials to incorporate the latest industry trends and technologies.
- **Fostering a Collaborative Environment:** Encouraged collaboration and teamwork among students through group projects and peer learning activities.

Mern Stack Developer - Internship

Smash Code

Mar 2024 - June 2024

- **Web Application Cloning:** Developed clones of popular web applications, replicating their functionality and design using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- **Back-End Development:** Built and maintained server-side logic with Node.js and Express.js, creating RESTful APIs to handle data operations.
- **Debugging and Testing:** Identified and resolved bugs and performance issues, conducting thorough testing to ensure application stability and reliability.
- **Documentation:** Created and maintained detailed documentation for code, APIs, and project workflows to facilitate collaboration and future development.
